DETAILED ACTION

Remarks

1. This Office Action is in response to Applicant's arguments of 5/11/06. Applicant's arguments have been fully considered and are persuasive. The rejection of claims 1-19 has been withdrawn. In view of the OG Notice of 11/22/05, a new rejection follows.

Claim Rejections - 35 USC § 101

Claims 1-3 and 15-19 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The claimed invention is directed to non-statutory subject matter. Merely identifying; determining; devising; evaluating etc. is not sufficient to constitute a tangible result, since the outcome of the method steps has not been used in a disclosed practical application nor made available in such a manner that its usefulness in a disclosed practical application is realized. See OG Notices: 22 November 2005, "Interim Guidelines for Examination of Patent Applications for Patent Subject Matter Eligibility".

Please note:

Part b. *Practical Application the Produces a Useful, Concrete, and Tangible Result* under Section IV *Determine Whether the Claimed Invention Complies with the Subject Matter Eligibility Requirement of 35 U.S.C. Sec. 101*, sentence 3, in the OG Notice from 22 November 2005 states 'In determining whether the claim is for a "practical application," the focus is not on whether the steps taken

Art Unit: 2877

to achieve a particular result are useful, tangible, and concrete, but rather that the final result achieved by the claimed invention is "useful, tangible, and concrete."".

Allowable Subject Matter

2. Claims 4-14 are allowed.
